

Ministry Overview

At The Bayou Church, we believe that excellence matters to God, and we don't take this lightly. The Creative Arts Team plays a huge role in accomplishing that. This team is responsible for all technical and creative functions of our worship service and other special events, such as providing quality audio, creating a mood with lighting and visual elements, capturing moments through photos and video and running computer support. Our goal is to provide an experience that will help our guests connect with Jesus and others without distractions.

Worship Team:

The purpose of our Worship Team is to provide an excellent, authentic and relevant worship music experience at The Bayou Church. Band members and vocalists help lead those who attend our services or special events into the presence of God through worship music. This ministry supports the services by creating moments of worship, wonder and transformation. An audition process is required for anyone seeking to be a part of this team.

Tech Team:

The Tech Team serves in a number of arenas to support the ministries of The Bayou Church. The mission of the team is to deliver high-quality audio, stunning lighting and computer support that captures the mood of our Sunday morning services and other special events. Our goal is to create a lively, inviting environment that encourages participation from the audience. This team may work behind the scenes, but no team could be more vital in achieving our standard of excellence.

Photography & Video:

The Photography/Video Team serves in a number of arenas to support the ministries of The Bayou Church. The intent of the team is to deliver incredible imagery and video footage that captures both the feel and integrity of our worship services and events. Along with our creative arts staff, this team is intent on documenting ministry happenings throughout the life of the church.

Visual Creativity:

The purpose of the Visual Creativity Team is to assist in creating environments for Sunday mornings and other special events that will help our guests connect with Jesus and others without distractions.
