

Ministry Overview

Are you one of those people who hear the term “student” and get excited at the influence you could have on their lives? Do you have a passion to help them find their place in Christ? The Bayou Student Ministry is all about helping students connect in a relationship with Jesus and others. To help make that possible, we create a positive environment in which students feel a sense of belonging and acceptance. We lead middle and high school students into two different venues – so pick the ministry that fires you up, or serve in both! There are opportunities to serve on Sundays as well as throughout the week. For the safety of our students and team members, we require a background check before serving with The Bayou Students.

Check-in Volunteer:

We want students to experience a warm welcome and feel personal value in our student area, and that begins at our check-in stations. Adult volunteers help check students in, print nametags, register new students and answer questions.

Bayou Shop Volunteer:

Students like snacks ... so we have a special snack bar for our students and their friends. We need friendly people to sell sodas, candy, and all those things middle and high school students love.

Student Worship Team:

The purpose of our Worship Team is to lead students into the presence of God through worship music. Band members and vocalists help lead worship for Sunday morning services as well as special events. An audition process is required for anyone seeking to be a part of this team.

Small Group Leader:

Volunteers lead a small group of students in Bible study, discussion, and hang time. We encourage these leaders to stay connected with their students and help them stay close to God.

Office Assistance:

If you enjoy making copies, organizing paperwork and running errands, this may be a fit for you! There is almost always help needed with prepping for upcoming student events. This volunteer would need to be available during normal business hours on weekdays.
